

Since its founding in 1990, Sustainable Sudbury has been fighting for global sustainability on the local level while joining with like organizations in this effort. We are dedicated to raising environmental awareness and sponsoring sustainable, earth-friendly activities in our community and beyond.

Membership gives you two gratuitous visits to our Styrofoam collection in April and October, newsletter and event updates by email, and a chance to participate in the various activities that Sustainable Sudbury coordinates. To find out more about our local activities, visit our website SustainableSubury.org or contact sustainablesudbury@gmail.com
